

HEALTH HOUSE ASSISTANT

Position Summary:

The Health House assistant is an employee of the Aloha Foundation, assigned to work primarily at one of our summer camps (Aloha, Hive, or Lanakila) and is responsible supporting the safe and healthy operation of their respective health house and the overall health of the summer camp community.

Key Responsibilities:

Under the guidance of a head nurse and nursing supervisor, responsibilities include

- Basic first-aid and assessment skills
- Clinical documentation
- Good communication skills with campers, camp staff, and medical providers
- Organized and able to follow delegated tasks
- On-call overnight requirements to assist with sick campers in the infirmary
- Adherence and implementation of national, state, local, and Aloha Foundation COVID19 guidelines

Qualifications:

- Ideal candidate is a health science student (nursing, PA, pre-med, EMT etc.) or individual interested in health sciences or public health
- Clinical experience preferred
- Training in first aid, basic assessment, and documentation skills will be provided
- The ideal candidate will be 21 years of age, though candidates over 18 years old may be considered
- Comfortable living and working in a 7-week sleep away camp setting, including being an active participant in the camp community
- Hard-working, enthusiastic, and committed to the safety and well-being of campers and staff
- Friendly, with a good sense of humor, because sometimes you just have to laugh!

Job Overview:

- Will live and work at the camp for duration of the summer, including certification week, pre-camp, and closing post-camp for a total of 9 weeks between June and August.
 - Coverage and on-call schedule accommodates 6 days off across certification week and the summer months.
 - Room and board plus competitive salary
