

TITLE OF RESEARCH: Camp and youth well being

PRINCIPAL INVESTIGATOR: Betsy Levy Paluck

PRINCIPAL INVESTIGATOR'S DEPARTMENT: Psychology

Key information about the study

What is this study about? We are conducting a study to understand your well-being, development, and social interactions.

What will you do? If you agree to participate in this research, you will be entered into a lottery for the chance to attend camp for 3 ½ weeks for free in Summer 2026. If you win the lottery, you will attend camp for free. Regardless of whether you win or not, we call you three times over the next year to ask you questions over the phone about how you feel and your interests. We will call you once in Summer 2026, once in Fall 2026, and once in Spring 2027.

Will it hurt? When we ask you questions over the phone, you might feel a little bored or tired, but you can take breaks any time. If you attend camp, you might feel a little sad to be away from home, or you might get tired from doing the camp activities.

Why should you join? If you win the lottery, you will attend camp for free in Summer 2026. You will also get \$50 after each phone call you have with us, and you will also receive a bonus of \$20 if you do all three phone calls. In total, you'd be able to get up to \$170.

Your choices

- You can say yes or no.
- If you say yes, you can change your mind and stop at any time.
- Nothing bad will happen if you decide not to do the survey.

Your parent(s)/guardian(s) were asked if it is okay for you to be in this study. Even if they say it's okay, you can still choose whether or not to take part.

Will anyone know your answers?

We will make sure your answers stay private.

If you agree to take this survey, please write your INITIALS below.
