

## **YOUTH LEADERSHIP PROGRAM**

The Leader You Want to Be

Interpersonal & Technical Skills | Teamwork | Self-Reflection

Are you a 15- or 16-year old teen who wants to strengthen your leadership skills? Become a more effective communicator and team member? Make new friends? Take on an adventure?

If so, join us for summer 2020 and enroll in our pilot Youth Leadership Program!

The Aloha Foundation's Youth Leadership Program (YLP) is a coed experience designed for adolescents looking for an impactful and fun learning opportunity. You do not need to have previous camping experience to participate. All are welcome.

YLP consists of three sessions that vary in purpose, location, and length to accommodate different interests and summer schedules. You may participate in one or two of the sessions, or all three as a comprehensive venture. The choice is yours!

Session 1:

### **ECO BUILDING** *July 1-13 (13 days)*

You will strengthen your leadership and technical skills through a hands-on sustainable building project on one of our campuses in Vermont.

Session 2:

### **ADVENTURE EXPEDITION** *July 15-August 6 (24 days)*

Explore Colorado and Utah by paddling the San Juan River, participating in a service trip on a Navajo reservation and staying with a Native American family in Zuni and Hopi pueblos, and hiking the San Juan mountains. This session will begin and end in Colorado.

Session 3

### **TEACHING APPRENTICE** *August 8-15 (8 days)*

You will be introduced to educational and counseling theory, as well as our Aloha pedagogy, and then apply that knowledge at Horizons Day Camp, providing our youngest campers with counseling, guidance, and friendship during their daily schedule.
